

1. Before the Game

- Enter basic game information on the Setup screen
- Set the starters for both rosters
- Choose the starting goaltenders for each team
- Click "Add Play" to navigate to stats entry screen and start clock to begin

2. Between Each Period

- At the end of the period, click on Game Ctrl and then click on End Period.
- If you want to do things before you start the next period such as reset the players on the field or print box scores/play-by-plays, you can do that in the wrap-up screen. If not, you can start the next period from the Game Ctrl menu.

3. Ending a Game

- To finalize a Game, click Game Ctrl then click Wrap Up
- Confirm the score of the game. If the score is wrong, you can edit scoring plays.
- From this menu, you also have the option to print box scores and play by play reports.
- Add attendance, game duration and more in the Setup screen.
- Update the goalie records for each team's goalie. (This step must be done in order for the goalie to be credited with a decision for the game)
- All players that played while the clock was running but did not record a statistic will need to be added.
- Click Complete Game Information to update records, attendance, end time, and duration to finalize the game

4. Offline Mode

When using the app for the first time, your browser will give a message similar to this:

"This website (www.prestosports.com) is asking to store data in your browser for offline use."

You must click "Allow" on this message or else offline mode will not work.

Note: To use PrestoSports Stats Entry in offline mode, you need to first load the game to the app while you still have internet access.
